Lab Rules

- Don't eat or drink ANYTHING in lab. Ever.
- No throwing things. Period.
- Try hard not to spill the water!
- When using balances make sure you dry your item first!
- Don't destroy the items. Any items. Ever. Pretty please.
- If Ms. V tells you not to do something, don't argue. Just follow the rules.
- Any rule violations will result in loss of lab privileges and a ZERO on the lab. Not fun. ><

EDUCATIONAL IMPACTS

- ▶ Better communication of impacts on student success (Azzam, et al., 2013)
- ▶ Visualizations create a universal language that enable people around the world to exchange knowledge and to more fully understand complex ideas (NSF, 2016)
- ▶ Visualizations can assist students in self-assessment of learning (Olmanson, et al., 2015)
- ▶ Use of data visualization may result in a more effective education (Gama, 2014)

IOWA STATE UNIVERSITY

OF SCIENCE AND TECHNOLOGY

The primary palette consists of five colors, which are led by the university's two signature colors, cardinal (Pantone 186c) and gold (Pantone 142c). These colors may be used extensively both for large areas of color or as an accent color. Screens or tints of the primary colors may be used to achieve a desired effect, however, screening the red shades will result in pink, which should be avoided altogether.

 PANTONE 186 C
CMYK 2 100 85 6
HEX #C8102E
RGB 200 16 46

 PANTONE 142 C*
CMYK 0 24 78 0
HEX #F1BE48
RGB 241 190 72

 PANTONE 449 C
CMYK 31 38 75 76
HEX #524727
RGB 82 71 39

 PANTONE 451 C
CMYK 21 15 54 31
HEX #9B945F
RGB 155 148 95

 PANTONE 454 C
CMYK 11 5 29 8
HEX #CAC7A7
RGB 202 199 167

*Please note when using Pantone 142 on uncoated paper stock Pantone 7549U should replace Pantone 142.

The colors of the secondary palette have been selected to compliment the primary colors. Their understated tones were chosen to work well as a subtle background behind typography or other graphics, or in other situations where a restrained use of color is desired. Screens or tints of the secondary colors may be used to achieve a desired effect, however, screening the red shades will result in pink, which should be avoided altogether.
